Comments

Please list things which could be improved.

- (until now) a little too less background knowledge on how to do research
- 16:00 - 18:00 (even though I've always been there)
- group work doesn't work properly → maybe think of ways to assess each individual student's contribution to the study
- I think it would be better to start working (in groups) earlier for the term paper.
- more studies that actually refer to German learners of English
- Presenting investigation design before doing the tests would be better in order to avoid mistakes.

Please list things you liked in this course.
