Comments

With regard to this course, what did you like most (e.g., concept, schedule, instructor)?

- good working atmosphere (2)
- slides (2)
- combination of theory and examples made it easier to follow
- group work

With regard to this course, do you have any suggestions or recommendations for improvement?

- texts sometimes difficult to understand (3)
- different reading
- more time for one topic is necessary so that it can be finished in the given time
- pages of texts are sometimes too long

Please note your most important learning experiences (e.g., your "eye-opener", eureka moment) you had in this course.

- difference between cohesion and coherence
- interesting and exciting to see how relations between parts of the text can be analysed
- RST
